Announcement of School of Engineering

King Mongkut's Institute of Technology Ladkrabang

Criteria of the publication in the international journals in the Q1 and Q2 of WOS databases for the
doctoral degree completion

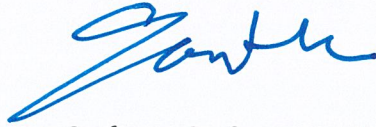

.....

This announcement aims to provide the information of the regulations of King Mongkut's Institute of Technology Ladkrabang regarding graduate education of 2022 about the completion of a doctoral degree with one full paper research, specifically, full paper in section 46.4.3.2.9 of the regulations, and in alignment with the announcement of the Standards Committee on Higher Education Subject: Standard Criteria for Graduate Programs 2022 and the resolution of the Academic Affairs Committee No. 10/2023 on October 4, 2023, the guidelines as followed:

- 1: This announcement will be effective from the academic year 2023 onwards.
- 2: The criteria for journals used to publish theses for doctoral degree graduation, as outlined in item 46.4.3.2.9 of the King Mongkut's Institute of Technology Ladkrabang regulations on graduate education in 2022, are as follows:
 - 2.1: Journals must be in the Web of Science (WOS) international database and listed in the School of Engineering announcement regarding journals and academic conferences for completion of graduate studies, dated December 28, 2022.
 - 2.2: Journals must be ranked at the Q1 or Q2 quartile level in the WOS database, specifically in the Science Citation Index Expanded (SCIE) section only.
 - 2.3: The quartile level (Q1 or Q2) according to 2.2 will be determined from the highest quartile level in the year of publication or one year before the year of publication.
- 3: The published research article must include the names of the student and advisor, and specify the affiliation with the School of Engineering, King Mongkut's Institute of Technology Ladkrabang, and/or in Thai Language.
- 4: The publication used for graduation must indicate the student's affiliation with the School of Engineering, King Mongkut's Institute of Technology Ladkrabang only.
- 5: Journals and publishers must not be listed on Beall's list.

6: Any issues regarding the use or compliance with this announcement, the assigned dean or deputy dean will make the final decision, and their decision shall be considered final.

Announced on 8 November 2023

(Associate Professor Dr. Somyot Kaitwanidvilai)

Dean, School of Engineering
